

SAFEENTRY CHECK-IN AT INDIVIDUAL FACILITY AROUND THE CLUB

Dear Members,

As recommended by Singapore Land Authority (SLA), digital check-in using the SafeEntry system is required at every facility in the Club. Hence, **with effect from 4 Jul 2020 (Sat), mandatory scanning of unique QR codes to register your entry at every facility will be implemented.** There will no longer be SafeEntry check-in points at the Driving Range, Guard Post 1 and Shuttle Bus Bay.

The list of facilities that require scanning of unique QR codes and temperature taking is as follows:

Location	Facilities
Golf Clubhouse/ Driving Range	Golf Reception, Par Lounge, Emerald Suite, Conference Room, Octagon, Driving Range Level 1, Driving Range Level 2
Social Clubhouse	Hotel, Sapphire Suite, Grand Ballroom, Aranda Lounge, Tee Garden, Jackpot, Reading Room, Mahjong Rooms
Recreational Clubhouse	Gym, Sports Counter, Tennis

Please be reminded to scan the QR codes to check in and out of every facility.

Thank you for your kind understanding and cooperation.
